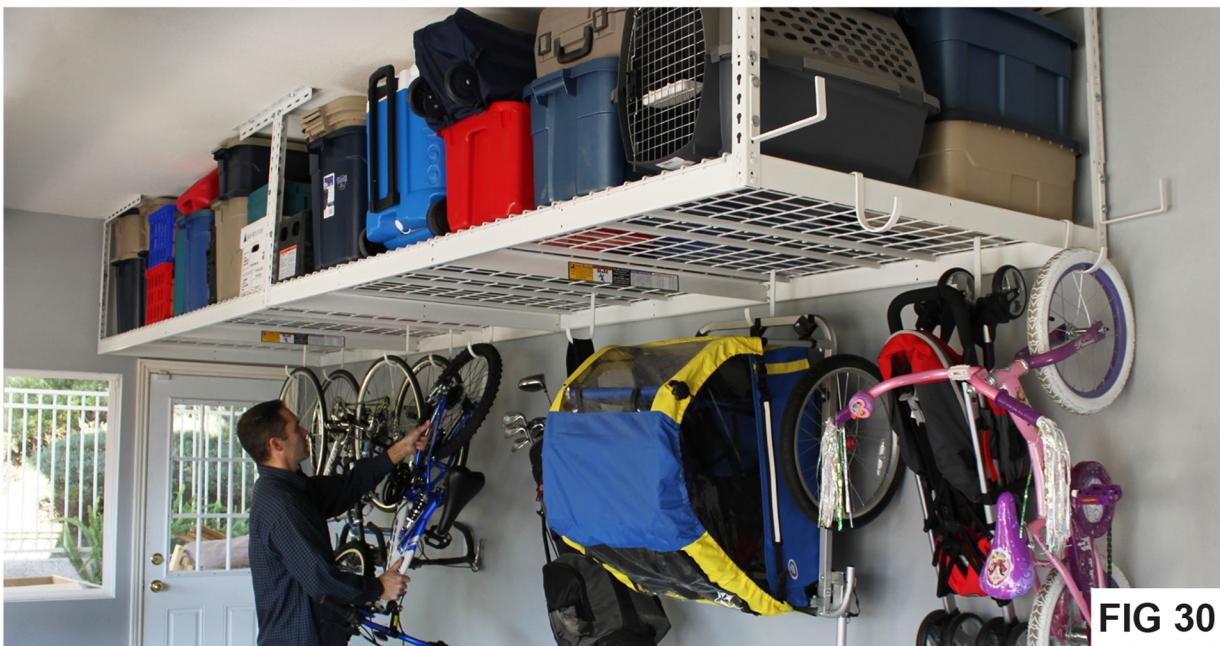

FIG 30

## Deck Hook

The Deck Hook is designed for easy installation; just snap into place with the flat top ranging over two wires. (Figure 31)

FIG 31

## Rail Hook

The Rail Hook is similar to the Deck Hook in its shape, but is designed to hold items around the edge of the SafeRack. (Figure 32)

FIG 32

## Utility Hook

The Utility Hook is designed for longer items and it attaches to the vertical posts with bolts, washers & locking nuts. (Figure 33)
